

Upcoming Countertop Pail Distribution Events

Senate Bill 1383 requires Californian's to recycle organic material including food waste, landscape trimmings, greens, paper, wood and more. To assist residents in separating their food waste from the trash, the City of La Verne has purchased countertop pails.

If you are an interested La Verne resident and have not already received a pail, complete the application from the City of La Verne website and bring it in to one of the upcoming distribution events.

City Hall-3660 D Street La Verne
